WELCOME TO CHARLOTTE MOTOR SPEEDWAY

We're glad you're here and hope you enjoy the schedule of events planned during your visit. Please read the enclosed information very carefully to make your visit to CMS enjoyable and safe. The following rules will be strictly enforced by CMS Security and the Concord Police Department.

CMS owns and controls all rights to space locations for all events at the track. RV parking passes are temporary licenses for the space and time period that is printed on the pass. This permit licenses the holder to park one (1) vehicle in the assigned area for the event specified. Commercial activities of any kind are prohibited without prior written permission from Speedway Motorsports or CMS.

Park at your own risk; Speedway Motorsports/CMS and their officers, agents, employees and affiliates are not liable for any loss of any kind to vehicle or other property of the permit holder. Acceptance of this permit constitutes acknowledgment by holder that he/she has read and consents to the terms herein.

Any damage incurred to CMS property by individual RV/Campers will be the responsibility of the ticket/account holders who may be billed for such damages.

Due to constant improvements, there is no guarantee that your space will remain the same.

No vehicles may be parked in any of the grassy areas around the campground. Vehicles also may not be parked in an adjacent site as this may prevent another camper from checking into that site. A fee may apply to any vehicles caught parked in another site.

All RV sites may only have the RV and one (1) vehicle onsite. Extra vehicles will be parked in an assigned area and must possess an "Additional Tow Vehicle" pass that can be purchased prior to the event or at the gate.

Tow/support vehicles must be parked inside your assigned space. Pickup trucks equipped with campers are not considered tow vehicles and are required to have an assigned space and the proper RV credential.

RV and tow vehicle passes are non-transferable. Extra vehicles in your assigned space are subject to tow, at owner's expense.

Anyone in possession of copied or counterfeit passes will be removed from CMS property, without refund. Violators are subject to prosecution.

Camping is only permitted in designated campground spaces only. No overnight camping is permitted in open parking areas.

One (1) EZ-Up style shade per space is permitted; maximum size is 10 ft x 10 ft. The EZ-Up must be securely fastened to the ground and/or RV and must fit inside your assigned space, without blocking the view of your compound from the service road. In the interest of safety, if wind speed exceeds 15 m.p.h. CMS reserves the right to have all structures removed. Camping tents and/or party rental tents, see-through or otherwise, are not permitted in any of the RV lots.

Awnings that are attached to your RV are permitted, provided it fits inside your assigned space and does not block the sight lines of neighboring guests or views inside your compound.

GENERATORS

Campers are required to turn generators off from 12 midnight until 7:00am.

Please be aware of all carbon monoxide dangers that can be harmful to you or other guests. Vehicle and generator exhaust must be expelled safely into roadways and not into adjacent campsites.

Anyone needing a generator for health issues must check in with the Campground Check in Trailer and speak with the Campground Hosts. Anyone requesting exception to this rule must have an approved "exhaust flow pipe" attached to their generator exhaust to vent the fumes upward and away from other campers in order to lessen the dangers of carbon monoxide. This would apply to motor homes and units with very low decibel generators.

Units with high decibel generators or no exhaust flow pipe will be moved to another location in the campground by the Campground Hosts and Speedway security so as not to disturb other campers, keep them awake, and maintain safety for all.

CARBON MONOXIDE

WARNING: Carbon Monoxide (CO) poisoning is possible with camping equipment. Carbon monoxide is a poisonous gas that you cannot see or smell, but fumes can be harmful or fatal. Follow equipment instructions, and if your equipment detects carbon monoxide, remove yourself from the area and notify CMS Security at **702.632.8029**.
